2 April 2014

Dear Mr. Belanger

This is to follow my visit to ISOB School in Bydgoszcz Poland. ISOB was inspected last year (2013-2014) and recommended for our post ceiling to Bydgoszcz.

I visited the school on March 20th. The school continues to offer high quality education. The school administration has worked extremely hard to address needs of parents and students. For a more detailed description of the school please refer to the school inspection report produced on March 20 2013 (Final) attached to this e-mail.

Sincerely

Dr. Constance McLeese Ph.D., OCT
